Subject: One Health WG follow-up

Dear One Health Work Group,

Thank you very much for participating in the first One Health Work Group call last week. Staff has written call notes (see attached) for you to review, especially for members who were unable to join the call.

Please take a look at the updated matrix and roster (both attached) for missing expertise and sector representation (e.g., social and behavioral science, economics, folks from industry, foundations, etc.), and suggest any other external stakeholders who you think would be important to include, either in the core work group or later on as projects develop.

Staff will compile the names of nominees you send to us, and circulate a consolidated list with bios. We will also be extending invitations to the four external stakeholders (Karesh, Barton-Behravesh, Hansen, and Cardwell) whom members agreed upon on the call to include in the core group. We may reach out to some of you who know these stakeholders well to help facilitate the invitation process. We will keep you posted as we coordinate the process.

If you have any questions or concerns, please do not hesitate to contact both Jonna and me.

Thank you again!

Best regards,
Ayano
